

[Letter from Harold Spivacke to John A. Lomax; Huntsville, TX]

May 13, 1939

Mr. John Lomax Huntsville, Texas

Dear Mr. Lomax:

Thank you for your nice letter of May 9. I was very pleased to hear that everything is going so well on your present trip. You may be surprised to hear it from me but the fact remains that both Lomaxes constitute the smoothest running part of the Division at the present moment!

Have you heard the Lead Belly album which Alan edited for Musicraft? I consider it a splendid job.

I am sorry that Dornbusch has caused you any embarrassment but I appreciate your sending me Broome's letter. I shall know better how to handle the matter from now on.

Sincerely yours,

Harold Spivacke Chief, Division of Music
